It is my pleasure to recommend Salvato Flooring. I have known Jason Salvato for many years in my capacity as Manager of Coles County Memorial Airport. Jason has worked for us on many projects installing carpet and tile. Based on his work, I would rank him among the best in the area.

Jason is always competitive with pricing, he is punctual upon completing his work, and the quality of work is exceptional. I would not hesitate to recommend him to anyone.

If I can be of any further assistance in providing any additional information, please do not hesitate to contact me at our office.

Yours Sincerely,
